

Robert S. Douthit Is Candidate For Mayor Of Pahokee

Robert S. Douthit, former Pahokee councilman, is this week formally announcing his candidacy for mayor of Pahokee. Mr. Douthit served two terms of two years each on the council and during that time was president of the council for three years.

Mr. Douthit is definite in his promises if elected mayor in the annual election on May 7. He pledges the citizens of Pahokee that he will immediately start work on plans to improve the water system in the city. He has definite ideas about a street and sidewalk program and operation of the Mayor's court.

Mr. Douthit came to Pahokee in 1929 and has been in business here since that time, conducting a plumbing business with the exception of seven years that he served as superintendent of the water plant. He and Mrs. Douthit own their home and live in the Bailey subdivision to Pahokee.

Vets To Consider Homesites Tonite

All veterans of the Pahokee-Canal Point area interested in obtaining desirable lots for homesites are urged to attend the call meeting of the Veterans Progressive Organization in the city hall this Friday night, April 26, at 8 p. m., at which the matter will be thoroughly discussed and a definite decision will be made regarding the purchase of a suitable tract of land.

The committee in charge of this project will make its report, announce its selection of what it considers the most suitable tract for veterans' home-sites and arrangements for the financing of the purchase of this land will be worked out. Citizens, other than veterans, who are interested in this project are invited to attend the meeting.

State Representative B. Elliott was guest speaker at the regular VPO meeting Monday night. The speaker told of his work in the state legislature, came out strongly for a "better roads program" and told members of the VPO that they were in line to really do a world of good for their community and country if they stuck together and carried out without prejudice the work and aims outlined in the articles of the VPO constitution.

SPECIAL MUSIC SUNDAY

Corp. Medar and John H. Wall of Miami will furnish special music Sunday morning for the Men's Bible Class in Pahokee. Corp. Medar is an accomplished musician and plays the violin and trumpet. Mr. Wall will play the musical saw. They will also play for the morning church service at the Pahokee Baptist church.

SELLS SOUTH BAY CONCERN

S. K. "Bubber" DeFinson announces sale of the Glades Plumbing and Air Conditioning company of South Bay to Charles E. Jones of Orlando. The South Bay concern was opened about nine months ago and has enjoyed a splendid patronage.

MONTHLY SUPPER MEET

Pahokee Baptists made use of their handsome new fellowship hall as a center of social activities for the first time Monday evening when officers and teachers of the First Baptist Church School held their monthly supper meeting there. The supper was followed by a meeting of deacons.

Canal Point Girl Named Editor Of College Annual For 1947

Miss Louise Sims of Canal Point

TACOWO—the Florida State College for Women—has named the name of a Canal Point girl—Miss Louise Sims—as editor of the junior class student at the college's annual for 1947. In a recent spirited election Miss Sims was chosen by her classmates for the outstanding honor of editor of Flatacowa. When it is taken into consideration that there are 2800 girls in the Tallahassee school, being chosen for such a high post is no small honor. She is the daughter of Mr. and Mrs. G. Lawton Sims of Canal Point.

Freeman Named Head Of B. G. Legion

Ralph Freeman was elected commander of American Legion Post 20, at a recent meeting in Belle Glade city hall.

John Wilson was elected first vice commander; W. I. Boone, second vice commander; J. T. Harris, finance officer; Frank Morris, chaplain; Tommy Parker, sergeant-at-arms and J. B. Jones, historian. Elected to the executive committee are Luther Jones, Joe Friedheim, Emmett Roberts, A. J. Richmond, Louis Kirshman, Dr. Thomas Breger and N. B. Willis.

Commander H. E. Jones named as delegates to the convention in West Palm Beach, May 7 and 8, Ralph Freeman, John Wilson, W. I. Boone, J. T. Harris, Tommy Parker and J. B. Jones. A report was given of new memberships, showing that the post now has 98 new members who are veterans of World War 2. Eleven of the 15 newly elected officers are from this group.

LICENSE OFFICE OPEN

Mrs. Marvin Cowart has been appointed to take charge of auto license sales in Pahokee and will be located in the office formerly occupied by the ration board. At present she will be in the office from 1 p. m. 'til 3 p. m. on Monday.

QUALIFICATIONS CLOSE

Midnight tomorrow is deadline for qualification in the Pahokee city election. Candidates who seek to have their name on the ballot must qualify with City Clerk W. P. Walker before midnight Saturday, April 27.

Underground Cable For Telephone Users

Southern Bell Telephone and Telegraph company is replacing the overhead cable along Pahokee-Canal Point road with a modern underground cable in an attempt to improve the telephone service for their long-suffering patrons in this area. It is said after the new equipment is installed that this area will have something more than a "fair weather telephone exchange", that local patrons will be able to get calls through during rainy weather, as well!

Harold Emery Named South Bay Principal

Several appointments and resignations were announced at the last meeting of the Board of Public Instruction, including naming of Harold Emery as principal of the South Bay school for the 1946-47 school year.

Building Halted On 18 Jobs In West Palm Beach

Work has been ordered stopped on 18 buildings in West Palm Beach by agents of the Civilian Production Administration following a check by the two officials of building permits which have been issued during the last few weeks.

The agents are making a complete investigation of building activities to detect any lack of compliance with the CPA restrictions which became effective March 26.

Mr. and Mrs. Alvin Armstrong spent Easter with her aunt, Mrs. Lou Wadsworth at Coconut Grove.

Earl Ricou Will Have Jurisdiction On Lake Okeechobee

On Oct. 1 the State Game and Fresh Water Department takes over jurisdiction of Lake Okeechobee. At that time, according to Earl Ricou, head of the department in this district, seines, nets and traps of commercial fishermen will be ruled out of the picture.

Labor Agents In Florida Must Have License Or Permit

A law enacted by the 1943 legislature makes it a misdemeanor to recruit labor in Florida without a license. It was pointed out this week by H. L. Speer, assistant county agent. License to recruit labor costs \$1,000 state fee and \$500 county fee.

Mr. Speer pointed out that recruiters, who are taking labor out of the state, must either have a license or a full and complete understanding with the county agent. When labor is plentiful and a surplus is evident in this area, the county agent will work with out of state recruiters in seeing that they have proper permits without purchasing the aforementioned license.

Local contractors who recruit labor to take to other states will do well to acquaint themselves with the new 1943 law. In order that there may be no slip-up it is a good idea that local contractors get in touch with the county agent before taking any labor out of the state.

Nearly Half Fund Raised For Swimming Pool In Pahokee

Rupert Mock reported at the Tuesday luncheon meeting of the Pahokee Lions Club that \$3,500 had been raised at that time for the swimming pool fund, a project being sponsored by the Lions. Prospects are fair for raising the total of \$15,000 necessary for the construction of the pool in the city recreation park, he said.

Steve Brown, city recreation director, reported that the Pahokee town baseball team has joined a league including several East Coast town teams.

P. P. deMoya announced a hearing will be conducted by U. S. Engineers for improved flood control in the Glades area. This hearing will be at Belle Glade on April 30.

Plans were made to send Milton Carpenter, student member, to Tampa to represent the local club in the Lions State Band which is to be organized in that city.

Visitors were Kenny Mock, Albert Fremd, Elmer Jones, I. E. Hamilton and Loren Connell.

PAHOKEE PTA POSTPONED

The Pahokee PTA meeting scheduled for Monday May 6 will be conducted a week later on May 13. This postponement is due to the meeting of the Bandmaster's Association of which Mr. Lampi is secretary. The tonette band will present its program as of the above changed date.

Mrs. Valetta Wiley of Pueblo, Colo., has arrived in Pahokee for a visit with her son-in-law and daughter, Mr. and Mrs. E. M. Meredith.

Supposedly the drive to end all drives will get under way today when the recently organized Pahokee-Canal Point Community Chest starts out to gather in \$24,000 in cash to take care of all charities for 1946 and 1947. Captains have been named and are in the field today in an effort to raise this amount, which officials say, will take care of all charities for the coming 18 months.

Included in the list of organizations to benefit from the Community Chest are the following: Red Cross, Kiwanis, Dental Clinic, Crippled Children's Society, Boy Scouts, Salvation Army, Pahokee High School Band, Pahokee Recreational Park, and incidental local charities as they may present themselves, \$5,000.

A great deal of time has been expended on the project and those in charge are of the belief that citizens of Pahokee and Canal Point would rather donate to ONE UNIFIED drive instead of being called upon to donate to a dozen different organizations in the run of a year.

The \$24,000 will provide \$3,000 for the remaining half of 1946 and \$16,000 for the new year of 1947. Checks will be taken now for the 1946 amount and pledges signed for 1947.

Captains for the drive are: Ed Cushman, Francis Cross, Mrs. Kate Cross, Orin Bacon, T. L. Burns, Roy Vandergriff, Jack Spenger, Melvin Pugh, Joe Alderman, Howard Holman and B. Elliott.

Townsend Quits Belle Glade Job

Announcement has been made of the resignation of Dr. G. R. Townsend, for the last 14 years pathologist at the Belle Glade experimental station, and his acceptance of a position with the U. S. department of agriculture, effective June 1.

Official word of the change was released at the field day held last week, by H. L. Speer, assistant Palm Beach county agent, who told the large crowd of farmers in attendance that Dr. Townsend would be in charge of the fertilizer division of the department at Beltsville, Md.

Plans Completed For Recreation Park

At the Pahokee City Council meeting Tuesday night Engineer John T. Pickett, Sr., reported that he has completed plans for the proposed expansion of the city recreation park which is to include that portion of the lake levee fronting the park. The council approved the plans and instructed City Attorney Thadd Whidden to send them to the U. S. Army Engineers office in Clewiston for approval.

The Council announced that since safe electrical wire is now available all makeshift wiring installed in local buildings during the war as a temporary measure will have to be replaced with safe wiring that will conform with the city's building code. Marvin Cowart, building inspector, was instructed to enforce this law.

Mr. Cowart informed the council that the Florida Power and Light Company is ready to assist the city in the installation of fire alarm boxes in the colored section.

Harry Sheppard was employed to assist in the operation of the waterworks plant. City Clerk was authorized to purchase a new Ford patrol car for the police department.

Country Girls Better

The rural home provides a better atmosphere for the rearing of children than does the city home. This was revealed in a personal statement made by Dr. T. T. Swearingen, director of adult work and family life of the International Council of Religious Education and secretary of an interfaith committee planning the observance of national family week, May 5-12, throughout the United States and Canada.

"Extensive study by experts in sociology indicates that there are important differences between rural and urban homes. These include better training, happier home life, and less smoking and drinking among rural girls," he declared.

Pointing out that men, women and children need the strength and emotional support which comes from good homes, Dr. Swearingen maintained that "in family life which draws upon the values of true religion is to be found the only enduring basis for a better world."

"The home is the primary unit of life," he stated. "It becomes the primary unit in a constructive society only as religious values become the heart of family relations and the basis of individual attitudes and conduct. Churches are built on sound family life, and the family is never truly sound without the spiritual resources of the religion which the churches teach."—Stuart News.

170 Attend Bible Class Easter Day

One hundred and seventy were in attendance last Sunday in The Pahokee Men's Bible Class, an all time high. The group met for the first time in its new building. Forty-eight ex-servicemen were present, led by Claude Jones, local head of the Veterans Bureau. A fish fry in their honor is planned for the immediate future. Big Boy Giddens, entertainment chairman will have an announcement concerning this.

With the seven new members last Sunday, the class now enjoys an enrollment of one hundred and forty one, just 59 short of the goal of 200. One of the features of the Easter program was the "to the point" address of Pete deMoya, whose words concerning the reason for the success of the class were received with much thought and favor. N. D. Evans, builder and his crew of craftsmen were presented.

Following the musical program by the class quartet, the teacher, Rev. C. A. Moberg presented the lesson, "If a man die, shall he live again?" Preparations for an outstanding Mother's Day program, which will be presented on May 12, are under way. This Sunday the lesson will be one of most interest, "Peter and the Church." When did the church begin? Who started it? What is its mission? When will it end? How? Why? These and other questions will be discussed. The quartet will sing. President Jaudon will lead. A most cordial invitation is extended to all unaffiliated men of this community, visitors and service men, in and out of uniform. The class meets in its new building on Bacon Point Road at 9:45. Messrs Unwin and Holman, Jr. are the greeters.

FBI CONFERENCE

Pahokee Police Chief Albert Gant said yesterday that plans have been made to hold the next FBI conference in Pahokee. City and county law enforcement officers from this district will be in attendance, Mr. Gant said.

Mr. and Mrs. Paul Sasser of Wauchula have moved back to Pahokee, their former home. Mr. Sasser has gone into partnership with Alvin Armstrong in the operation of the Gulf Filling Station across from the bank.

477 Attend S. S. At Pahokee Baptist

Just 23 more and the Sunday School attendance of the First Baptist Church, Pahokee, last Sunday would have been 500. However, the 477 present was an all time high, thanks to the splendid leadership of the superintendent O. O. Gilbert, and the efforts of his faculty. Some 300 can be packed into the auditorium, yet many were unable to get in for the morning preaching service proving the necessity of constructing a building large enough to accommodate at least 500. The same condition prevailed at the night service. The Training Union goal of 135 was reached with eight to spare, thanks to the vision and leadership of the acting director Mrs. W. M. DuBoise and the cooperation of her workers.

No financial goal was set only

that all do "the will of God", and minus the usual drive and program of solicitation, the response was a testimony to the power of prayer and faith. At this writing the offering is in amount \$6141.04, with promises of several more contributions. Every cent of this will be used toward the construction of the next unit which will get under way shortly.

The pastor uses this medium to thank the members and many friends for this beautiful display of Christian stewardship and wishes for each the fulfillment of Luke 6:38 in its fullest meaning. This Sunday the ladies quartet will sing at the morning hour. Rev. Moberg will speak on "Thy Kingdom Come." At the evening hour of eight, the next of the Baptist Articles of Faith, "The Perseverance of the Saints," will form the basis for the sermon. The orchestra will render a special selection. The Illuminated Cross Meditation will be presented. The Training Union will convene at seven o'clock.

—WEST PALM BEACH—

What is your GUESS?

on our profits...

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits . . . 30.0%

Public guess on peace profits . . . 18.0%

Public guess on pre-war year average profit . . . 7.17%

In this survey, the average of the guesses by the public of the war-time profits made by industry was . . . thirty per cent (30%).

But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only . . . 4.9% on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

Public guess on war profits . . . 30.0%

Public guess on peace profits . . . 18.0%

Public guess on pre-war year average profit . . . 7.17%

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged . . . 7.17%. This is well under half of what the public "guessed" for all industry.

Public guess on war profits . . . 30.0%

Public guess on peace profits . . . 18.0%

Public guess on pre-war year average profit . . . 7.17%

Public guess on war profits . . . 30.0%

Public guess on peace profits . . . 18.0%

Public guess on pre-war year average profit . . . 7.17%

Public guess on war profits . . . 30.0%

Public guess on peace profits . . . 18.0%

Public guess on pre-war year average profit . . . 7.17%

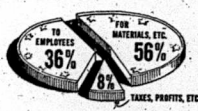

rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

What About Current I H Prices?

When the War ended and we planned our peace-time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and ma-

terials up to that time. But recent developments have forced a change in our plans.

terials up to that time. But recent developments have forced a change in our plans.

INTERNATIONAL HARVESTER

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low-rate of profit.

Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least. But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

CIRCLE MEETING

The spirit of Easter continued to prevail with one of the most inspiring meetings of the year of the Pahokee Baptist Business Woman's Circle conducted Tuesday night at the home of Mrs. G. C. Tate. Flowers in profusion were the order of the decorations. Mrs. O. O. Gilbert, president, was in the chair. The program, "Evangelical Witnesses to the World" was presented under the leadership of Mrs. H. Barnes, chairman.

Those taking part were the Messdames H. Unwin, M. Unwin, O. O. Gilbert, Wiley Tillis, C. L. Shirley, C. R. Wroten, C. A. Moberg, R. S. Douthitt and W. M. DuBose. What promises to be the outstanding Christian social event of the church year, a banquet for the Intermediate Training Union in the very near future, was decided upon. Refreshments of apple pie a la mode and coca cola were served by the hostess. Others present were the Messdames L. Connell, R. Mock, McArthur, W. V. Unwin, T. C. Richardson, J. Wilkinson, E. Felix, L. Houston, J. C. Mock, L. Ippock, D. Young, S. Roberts, R. E. Adams, and the Misses Caraway and Collins. The next meeting will be conducted on Tuesday, May 14, home to be announced.

DID YOU GROW OATS?

Farmers in this section should report oats which were planted in the fall of 1945, to the Agricultural Conservation office, Sanders Building in Belle Glade not later than April 30th, 1946. Reports not turned in by the above date, can not be considered for payment under the 1946 conservation program. Any farmer who planted oats in the fall of 1945, should report such plantings to L. V. McClelland's office before April 30, 1946.

CARD OF THANKS

We wish to extend our deepest appreciation to our many friends who were so thoughtful during the illness and death of our loved one, Mrs. Ruth Danson. We shall always remember the consoling words and acts of kindness. We shall also be ever mindful of the many beautiful floral offerings. These wonderful things will always live in our hearts.

Respectfully,
Members of the Family

Sowder-Tackett

The wedding of Miss June Tackett, daughter of Mr. and Mrs. H. Tackett of Melvin, Ky., and L. D. Sowder, son of Mr. and Mrs. Joe Sowder of Pahokee, will be held at Okeechobee on Saturday afternoon, April 27, with the justice of peace there reading the vows. Mr. and Mrs. J. C. Sowder, brother and sister-in-law, and Mr. and Mrs. Ray Williams, brother-in-law and sister of the groom, will be attendants. The bride will wear a two-piece white traveling suit with light blue trim and accessories.

Miss Tackett, who was educated at Melvin, Ky., has been a resident of West Palm Beach for the past two months. Mr. Sowder, a graduate of Pahokee High School, Class of 1940, is now employed by Vandegrift-Williams Farms. The couple plan to live in Pahokee.

Following the wedding Mr. and Mrs. Joe Sowder will give a reception and dinner for the bridal couple at their home on Barfield Highway.

Meet the **LARGEST FAMILY** in the South

Telephone folks make up a big family—a total of more than 36,000 people. They are the largest group employed by any single company in the

nine southeastern states we serve.

Add in Mom, Dad, Susie and Joe, and close kin—and the number quickly grows into a large portion of the population interested, directly or indirectly, in supplying you with the kind of telephone service you want.

They are your friends and neighbors—the kind of people you like to meet, to know, to visit with. They are keenly alert to civic movements... eagerly participate in community activities.

With their earnings and purchases, they are an important factor in local prosperity. And you'll find them everywhere—for the Telephone Company is a local business, multiplied by all the many localities where we serve, and operated by hometown folks like you.

We're proud of the telephone family. You can be too.

"SERVING THE GLADES"

Cinematic Chatter

By Malcolm Millar

The Sunday-Monday offering at the Prince should prove interesting to all lovers of the out-doors and "he-man" action.

These two days usher in Randolph Scott, Ann Dvorak and Edgar Buchanan as the stars of "Abilene Town" which is the story of the beginning of this once wide open town, known as the roughest town in all the Western territory.

Tuesday - Wednesday brings Charles Boyer and Laurene Bacall in "Confidential Agent", which is a tale about the Spanish Civil War, as you remember reading it in your newspapers. However, this story is laid in London, and casts Boyer as a confidential agent, whose life has been threatened several times and who meets the charming Miss Bacall. After a hectic 90 minutes of thrills, adventure and romance Boyer wins Bacall and we all go home satisfied that we have sat through a very interesting picture.

On the same bill comes a stage attraction that we will all enjoy. The attraction is Charlie "Tobey" Dowdy and his "Barn Dance Gang", who hold forth for 60 minutes with music, mirth and merriment of the "hill-billie" type. These boys recently returned from overseas where they were the stars of "Stars and Bars" the famous overseas soldiers show that met with such success among our boys fighting over there.

Thursday-Friday brings John Garfield and Eleanor Parker in "Pride of the Marines". This is the story of a hero of Gaudacanal who is blinded during a Jap raid. He is very sensitive about this affliction and does not know how to face and mingle with society in the states. However he meets a very charming young lady in the form of Eleanor Parker, who understands him and sets him back on his rightful path.

Saturday for the double feature we have "Springtime in Texas" which stars Jimmy Wakely and Lee Lasses White with Dennis Moore and for the second picture up "Men in Her Diary" starring clever Peggy Ryan, Jon Hall, and Louise Albritton and a very fine cast of featured players.

See you at the movies—Mal.

Mrs. W. G. Hull and Mr. and Mrs. W. H. Clark spent the weekend in Orlando visiting Mrs. Hull's and Mr. Clark's father, C. C. Clark, who is seriously ill.

FOR A SPRING SUPPER TWO REGIONAL FAVORITES

BROILED FLORIDA LOBSTER

RECIPE: Moisten 1½ cups toasted bread crumbs with ¼ cup melted butter and 1 tsp. Worcestershire sauce. Add to this, 2 tsp. chopped celery and 2 tsp. chopped chives. Mix thoroughly with a fork, so that mixture remains light and fluffy. This will stuff four lobsters which have been spitted, cleaned, and boiled. Dot the meaty portion of each stuffed lobster with butter; salt and pepper lightly. Place in hot oven or under broiler for 10-15 minutes. Serve with drawn butter, fresh vegetables, salad—and plenty of ice-cold JAX BEER. Serves four.

JAX has mailed \$5.00 to Mrs. Joe Onsrud, Camp Gordon Johnston, Florida, for this fine recipe. Send us your regional recipe suggestion. If published, \$5.00 will be paid for its use. Address:

Recipe Editor, JAX Brewing Company,

50 YEARS AGO THE F. E. C. HELPED FOUND MIAMI

Fifty years ago this spring, in 1896, the Florida East Coast Railway was extended to an obscure little settlement on the Miami River.

Here a townsite was being laid out and streets cleared through the tangled brush when the first train rolled in. On the bayfront soon rose a luxurious resort hotel, the famous Royal Palm.

Other Florida East Coast trains daily brought new residents, visitors, building material, comforts and conveniences. Thus nourished and linked with the outside world, the infant settlement grew rapidly.

From this beginning Miami has become, within the brief period of fifty years, one of the most beautiful and populous cities in Florida, now world-renowned as a resort

residential and industrial center that is still growing.

The entire state has been benefited by the rapid development of Miami and South Florida. This year each of Florida's 67 counties will receive an estimated \$90,000 from the tax on horse-racing in this area alone. Many of the hundreds of thousands of travelers, who are annually attracted by Miami, visit and enrich other communities and sections of the state.

This railway that virtually founded Miami still constructively serves the East Coast of Florida today. Diesels have replaced the early wood-burners, but its spirit of pioneering has carried on through the years.

Breezy

The Crickett Rest Home
Dorset, Florida
April 25th, 1946

Paul Rardin, Editor
The Everglades News
Canal Point, Florida

Dear Paul;

Just thought I would drop you a line and let you know that I am getting along all right. Am recuperating fast and will probably live. The shock of receiving that fan letter almost put me away for keeps. They stated that it was not surprising that the "Arabs" were tearing up the theatre cause there is not only lack of discipline in the homes—it is lacking in some schools. This sounds like deep water, Paul, so I guess we will drop it right there cause I can't swim.

Dorset sure is a nice little metropolis. A Mr. Crickett seems to be Mayor, Chief of Police, trainmaster, tax collector and dog catcher. A Mrs. Kate evidently controls all of the markets (black & white). A Mr. Buck sweeps out

and is the local jailer or I should say keeper of the Home. They insist Dorset is the gateway to the north and the gateway to the south—northerners insist it belongs to the south and vis-versa.

One Rupert Mock and one Lewis Friend breezed into this town the other nite. They were blowing about a ten pound snapper that Mr. Mock caught. That makes him granddaddy. A fish can look any size when you have to get out of bed to look at it. Anyway, Rupert, has given some of the boys something to shoot at.

Paul, that sure was a purty lookin picture on the front page last week. That powerful looking dragline and that cute little jeep, under the shade of that sturdy looking oak (size 42) is a photographic masterpiece. If you make that machinery work as hard as you did getting it, something ought to get done around this end of the county.

I sure wanted to "cover" those last two or three council meetings but Mr. Buck wouldn't let me out of my straight jacket—probably would not have gone anyway cause I've lost my car plugs. Understand Marvin and his gang got tumbled after running themselves ragged getting information and things lined up for forty new street lights. Also heard that the power company would have furnished about all of the material and installed the lights. That information might not be straight but it's pretty close. But the heck with the lights, we haven't grown that much yet—after all Pahokee is only the place where the Canal Point-Belle Glade Road turns.

What I am really interested in is the way the council fixed up the next Mayor—raising his salary from nothin' to somethin'. If they would offer free room and board in the jail ole Breezy would blossom out in the race. Sure hope I can get back to Pahokee soon. I want to be there in time to promise my undying support to each and every candidate—like every one else does. I also want a cigar from each one of them—they are good to keep the gnats away when you are trying to catch fish.

A politician passeth this way the other day. True to form he had to stop and shake a hand and give with a little conversation. He made one statement that placed him right along side Washington and Lincoln in my little book. He said that the greatest invention the world has ever known was the wheel barrow... it taught man to

walk on his hind legs. He said his name was B. Elliott.

Well, Paul, hope to see you again soon.

Methodists Hold Baptismal Service

Six infants and one small child were christened at an impressive baptismal ceremony conducted by Rev. T. A. Ferguson at the Pahokee Methodist Church during the morning service Easter Day. They were John Bennett Cruthird, son of Mr. and Mrs. C. C. Cruthird; Gilbert Mead Maxwell, son of Mr. and Mrs. Leo Maxwell; Betty Jo Phillips, daughter of Mr. and Mrs. Jack Phillips; Tina Marie and Thomas Roy Handley, daughter and son of Mr. and Mrs. Thomas Handley; Roger Lynn Simonson, son of Mr. and Mrs. Robert Simonson and Dorothy Emmaline Lair, daughter of Mr. and Mrs. Marshall Lair.

Five persons were also received as new members of the church during the morning service. They

were Mr. and Mrs. Robert Simonson and son, Robert David, Mrs. Lewis Vann and Mrs. J. G. Thomas, Jr.

More than two hundred persons attended the Sunday school and the congregation at the morning service filled the church auditorium to capacity to hear Rev. Ferguson's sermon on "The Resurrection."

Mrs. B. F. Murray has returned to her home in Cleveland, Ohio, after spending the season with her son-in-law and daughter, Mr. and Mrs. Alvin Armstrong, in Pahokee.
